Latest news for week ending Friday 8 October 2021

In this Issue

Dear <<First Name>>

Welcome to the MDY ebulletin, we have now returned to once a fortnight rather than weekly so we will be arriving every other Friday 8am in your inbox. Do encourage any colleagues old or new to [subscribe](#).

It is a beautiful sunny day as I write this, but it looks like the rain will be pouring down when it hits your inbox. So, to get me through, I am going to be using Action for Happiness' [Optimistic October calendar](#) this month to get me set up for autumn and winter.

MDY are launching this week a major new strand of training to help you understand how [Equity, Diversity and Inclusion](#) can improve the stories your museums tell and the way you operate. This will be backed up by a [new learning cohort](#) to complement this training.

Elsewhere in the bulletin you will see conference season is fast approaching, and, don't forget that MDY is [giving away two places](#) at the Museums Association conference in Liverpool.

Sometimes I feel like I have had my fill of surveys and I am sure I am not alone in this. However, please have a look at the [DASH survey](#) and encourage others in your museum to do the same. You can also learn how to assess your museum's digital capacity.

Holocaust Memorial Day 27 January 2022

'Learning from genocide - for a better future'

You are invited to take part in the next annual Holocaust Memorial Day (HMD) - with your stories, artefacts and connections with local communities you can make a great contribution, and in so doing can demonstrate your commitment to learning and promoting good relations amongst people from different backgrounds.

In the current pandemic and difficult operating conditions for museums, we must be realistic as to what may be possible for Holocaust Memorial Day 2022. We have a vast array of resources including new ones for our 2022 theme 'One Day'. An entry level involvement could simply involve displaying some posters and making our free booklets available. We also have short film clips which could be run on a loop if screen displays are available.

[Download the 'Get Involved Guide' PDF](#) for lots of other ideas on how to get involved.

Address Your Digital Needs by Taking the DASH Survey 2021

The Digital Attitudes and Skills for Heritage (DASH) survey breaks digital down into a series of simple questions that cover a range of key areas. By asking your staff, trustees, board members and volunteers to take five minutes to complete the survey, you can paint a clear picture of the digital skills and across your heritage organisation. You will also discover what attitudes your people have towards using digital.

you to help you put digital to work. This professional-level service is available for free.

If you took the survey in 2020, we are really keen to hear from you again to find out how things have changed over the last 12 months. You will also have a valuable opportunity to compare your results to last year and measure progress.

Lost Connections - a film about recovery, hope and renewal

Archive film free to book from Film Hub North

An echo of our own contemporary experiences, Lost Connections is a new archive-based film which responds to the last 18 months when many of us were forced to stop, to reflect, to question and to re-assess what is most important.

Comprising over a century of remarkable footage and voices, Lost Connections gives us hope for the future by connecting with the past. A unique collaboration led by the Yorkshire Film Archive, featuring the moving image archives of Wales, Scotland, Northern Ireland and the nine English regional film archives, this 13-minute short film was supported by Film Hub North on behalf of the BFI Film Audience Network (through National Lottery funding).

Graham Relton, Archive Manager at the Yorkshire and North East Film Archives said:
"Lost Connections...is a work of cine-poetry, that is truly diverse and representative of the people of the UK. It is not a film about the pandemic, it's a film about humanity and hope. It might take the past as its reference point, but Lost Connections speaks to our collective responsibility to build better futures."

Lost Connections will screen at cinemas across the UK, and can be viewed on [YouTube](#) and [BFI Player](#).

The media package includes a series of images and five short trailers, which are [available to download](#) and the film is free to book from: filmhubnorth.org.uk/lost-connections.

We Want to Hear From You!

If you have an exhibition, event or some special news do get in touch. We're interested and would love to tell everyone in the region too!

2.00pm - 4.00pm (online)

Gain confidence, tools and resources to strategically assess and develop your museum's digital activities, in an online workshop aimed at smaller museums.

They will leave with the confidence, tools and resources needed to complete the full toolkit within their own organisation, involving their staff, volunteers and trustees in the process.

There are places for two people each from eight museums.

Bookings will close no later than 13 December so please book early:

Don't Forget MDY Small Grants £12,217 to be Allocated by December

In 2021-22, the Small Grant Scheme is made possible by both Arts Council England and the Art Fund. The Art Fund investment is designed to support museums, **who have not had any national recovery funds from ACE or NLHF**, to recover from the pandemic. We have £12,217 left in the small grant budget and the majority of this must be allocated by the end of December

MDY's Small Grant Scheme helps museums to implement advice, test new ways of working and make good things happen. It can also support personnel to attend training courses and conferences. We offer grants of up to £3,000 (with two tiers of up to £1,000 and up to £3,000). We will require your museum to contribute in kind or in cash for each tier.

If you are interested in a bid in partnership with one or more eligible museums, contact a Museum Development Officer as we can increase the maximum grant to £3,000 per museum.

The fund is available on an open application basis, for all non-NPO museums who are Accredited or 'Working Towards'. All grants must be spent and claimed for within the financial year in which they are given.

Museums are encouraged to talk to a [Museum Development Officer](#) before making a submission. They will be able to guide your application and ensure you request the right support.

Covid Essentials Support Apply now to support reopening your museum!

Don't forget that we have got our Covid Essentials Fund to support your reopening. Even if you are looking to open later in the year, we can support you. Previous projects have included: purchase and installation of screens; hand sanitising stations; contactless donation and payment points; and the purchase of PPE (Personal Protective Equipment) but could support other things, such as an event for visitors or to recruit and train volunteers. We are looking for projects of up to £500 with no match funding. We try to turn the applications around in 7 days but there is a limited pot so get your applications in.

For speed and simplicity, we are using the existing small grant system.

And Relax...!
