## Museum Development Programme Evaluation

### Have your say via survey

Arts Council England has commissioned DC Research Ltd (in partnership with Durnin Research and Pomegranate) to carry out an evaluation of the impact of Arts Council England's investment in the Museum Development Programme.

As part of the evaluation, we would greatly appreciate it if you could respond to a survey asking about your engagement with and support from Museum Development Yorkshire and the impact it has had on your museum. If you have not engaged with the programme, we'd really like to understand why, your awareness of the support offered, and any views you have on the programme.

The findings from the evaluation will help to shape the next Museum Development Programme from 2024 onwards, so this is an opportunity for you to influence the future of museum development support.

**The survey should only take around 10 minutes to complete:**

**[www.surveymonkey.co.uk/r/MDevaluation2022](https://www.surveymonkey.co.uk/r/MDevaluation2022).**

**Deadline: Friday 9 September.**

## Call-out for Case Studies

### Have you made good use of documentation history or collections biography?

We are looking for short case studies on work that has been useful to you in terms of understanding your documentation history or collections biography. This might be for a 10-minute online presentation in a training session, or a short, written case study (up to 250 words) for the website.

Sometimes this kind of information becomes a useful part of your documentation manual, rather than being a piece of work that stands alone.

**If the answer to the above question is yes, please contact Alan Bentley to discuss your case study: [alan.bentley@ymt.org.uk](mailto:alan.bentley@ymt.org.uk).**

## **Your Fortnight Ahead**

### **Crew Tips! Training by Teens for Museum Teams**

**FREE half day training course, lunch provided**

**Tuesday 23 August, 11.00am - 2.30pm  
Carlton Lodge, Thirsk**

Do you want to hear from young people about what would really attract them to your museum or heritage site? Are you up for the tables being turned and learning from teens?

Cactus Crew are a teen collective who have been working with heritage organisations and sites for the last four years facilitated by Sponge Tree as part of Ignite Yorkshire. This session has developed from this work. Cactus Crew want to explore not just what teenagers want to see and are interested in, but also discuss the misconceptions adults can have about 'teenagers'. This includes how they are seen, expectations put on them, and how they feel when they visit heritage sites unaccompanied by an adult. They want this session be enjoyable, but also a chance to

This is great free training for:

- Teams at arts, culture and heritage venues wanting to attract young people as part of a diverse visitor offer
- Organisations and practitioners interested in youth voice and co-creating work and projects with young people
- Practitioners interested in working on projects with young people
- Front of house staff at sites wishing to authentically welcome young people

## What's Happening in Your Region?

### Former Commonwealth Champion Donates Collection to Barnsley Museums

The team at Barnsley Museums are excited to acquire a new collection, kindly donated by Olympic runner Dorothy Hyman, who was one of the most famous female athletes in the 1960s. Dorothy won Sports Personality of the Year and medals across the board, including the Olympics, Commonwealth Games and World Championships. Dorothy was the daughter of a coal miner and with her father she trained on the streets and fields of Barnsley. It soon became clear Dorothy could run like the wind, and from pit field to a Tokyo stadium, her career skyrocketed. Interestingly, she never made any money from running and people in the community had to fundraise to buy her trainers. She later coached and worked a full time job for the Coal Board which she loved just as much as the running.

'Dorothy' and she doesn't tell them she used to run. She even says that the children in her family only know that she 'used to run a bit'. The objects that she has donated include iconic photographs, a running top from the Rome 100m Olympics and her Sports Personality of the Year award.

**A podcast with Dorothy in conversation is soon to be released. In the meantime, you can watch Dorothy talking about her athletic career on YouTube: [www.youtube.com/watch?v=mL03Rkeky3s](https://www.youtube.com/watch?v=mL03Rkeky3s).**

## New Exhibition at Trolleybus Museum

'Trolleybuses of the Humber' is a new exhibition at the Trolleybus Museum at Sandtoft which tells the untold stories of trolleybuses and the people who used them and worked on them in Hull, Grimsby and Cleethorpes. As well as information boards and photos it includes dioramas, models, a mannequin dressed in a replica wartime Grimsby conductress's uniform and the Museum's first oral history project, with a series of filmed interviews being available to watch on a touchscreen. This has been made possible by a grant from Humber Museums Partnership.

For the first time, from 22 - 26 August the Museum will be open on weekdays, with a trolleybus running and the exhibition room, cycle shop, toy museum and cinema all open. There will be no admission charge but we suggest that visitors make a donation. It makes a great day out during the school holidays.

## Interpreting Kiplin 400

### Kiplin Hall and Gardens gains funding ahead of its 400th anniversary

Kiplin Hall and Gardens has been successful in a recent funding application to National Lottery Heritage Fund which will play a huge role in the future of our interpretation.

unique place. This will include working with two charities, Northdale and The Refugee Council. We will also be engaging with people from local villages, where census returns show the servants of Kiplin came from.

The project is a collaborative curation approach to design new interpretation for our welcome centre, two rooms in the hall and the gardens and grounds, and will look to broaden the stories we tell, the ways we tell them, and connect a broader audience to the stories that they are interested in.

*This project is being made possible with £136,000 from The National Lottery Heritage Fund, with thanks to National Lottery players. The project is also being funded with £2,000 from The Friends of Kiplin Hall, a bequest and money from our budgets.*

*The first phase of the Interpreting Kiplin 400 project is the recruitment of a Project Officer and an Evaluator to lead on the work, and recruitment is open on our website, [see Jobs section](#).*
